AMMUNITION PLANT DVIGATEL NO 182

MAKHACHKALA, USSR

25X1A

Ammunition Plant Dvigatel No 182 (BE No [REDACTED]) is located 7.5 nautical miles (nm) southeast of the center of Makhachkala, USSR (Figure 1). The plant, situated on the Caspian Sea, is served by a small sheltered harbor for shallow draft vessels. Other services include good all-weather roads, an extensive network of rail spurs, and Makhachkala/Nytach Airfield (a sod landing area), 3.5 nm south of the plant. Plant security consists of a fence/wall on 3 sides and the Caspian Sea on the northeast side (Figures 2 and 3).

Ammunition Plant No 182 was first observed on [REDACTED] at which time the plant contained approximately 1,033,000 square feet of floorspace. A comparison of this photography with that from [REDACTED] reveals the addition of approximately 265,450 square feet of floor-space. This additional floorspace is contained in 2 assembly buildings (items 3 and 4, Figure 3) and a warehouse (item 5). These 3 buildings were erected between [REDACTED]. A new assembly building (item 2) is

currently under construction (approximately 60-percent completed) and when completed will contain approximately 132,000 square feet of floorspace. Construction of this building was first apparent in [] The plant contains a large thermal powerplant (item 7) and a POL

storage area containing 5 revetted tanks, each approximately 85 feet in diameter. The specific type of production at Plant No 182 cannot be determined from facilities visible on this photograph.
